1. Transforming Dementia Services

Rationale
- Sub-optimal outcomes for people living with dementia and their carers compared with similar localities, including highest ratio of impatient service use to recorded diagnoses of any London borough.
- Anticipated 64% increase of people aged 65 and over diagnosed with condition 2017 to 2035.

Aim
To work across health and social care to continue to develop and grow a new Dementia Offer and Strategy as a ‘whole system’ approach.

Approach
- Joint Steering/Strategy Group
- Clinical input from CCG and provider clinicians
- Learning from ‘good practice' models: visits, information and materials
- Part of the Managed Network of Care and Support.
2. Dementia Hub & Intensive Dementia Outreach Team

- **Community-based focus support for people with dementia and their carers:** pre-diagnosis until end of life. Significant use of corporate partners including Lloyds Bank, BT and especially RBS/Natwest who donated furniture and undertaken significant building and decorative works.

- **The Hub and Spoke will offer:**
  - Information and advice
  - Adult education courses and training
  - Provide a community resource
  - Co-location with the Alzheimer’s Society
  - Sessions for people with dementia and carers, including Cognitive Stimulation, gentle exercise, Oomph, Bocha and gardening supported by Organiclea
  - An enhanced carer support offer, including drop-in sessions and peer support
  - Community Equipment roadshows
  - Books on Prescription lending library
  - Support Local Area Coordination
  - A volunteer run café.

- **Looking to develop medical services in future:** e.g. chiropody, sight / hearing tests. Also scoping intergenerational opportunities with local schools and nurseries.

- **An Intensive Dementia Outreach Team (11 FTE + coordinator) has been developed:** to deliver community-based services, including home-based support.
